www.oktoberfest.de

Important note: The address has “de” at the end; not “com.” When you get to the sight, find the button that says “about the Oktoberfest”. What are the dates of Oktoberfest?

What are the hours the tents are open?

How much will a Maß (liter) beer cost?

What are the rules about children in the beer tents?

Look under “reservations”. Can you reserve a table at Oktoberfest?

Now click on “Tents” on the main page. Then click on the Schottenhamel beer tent button

Look up the Schottenhamel beer tent. This is where Oktoberfest starts. Who taps the first keg of beer?

What does he say in German as he taps the keg?

What is the motto of the Schottenhamel tent? (at the top of the page)

What is the seating capacity of the Schottenhamel tent?

Look up three other beer tents. Write the name of the tent, the motto, and one interesting fact about it. (on back)

Now click on "Shop" on the main page and find out how much an official beer stein with tin lid costs. Multiply that amount by 1.42 to get the US dollar equivalent.

Also on the shop section find out the name of that German dress that you see at Oktoberfest.

Finally click on "Dictionary" on the main page. Then click on the British flag. Use the lexikon to look up the following words. You can write definitions in your own words (American teenage talk).

Finally go to the Galleries and find pictures of the rides. Name 3 of the rides in English.
